

RUJHAN BIN MUNAWWARUZZAMAN

152 Wards Wharf Approach, E16 2ER, London · +60126075155

Email: rujhanmunawwaruzzaman@gmail.com

Graduated from University of Kuala Lumpur at foundation level, Currently I am waiting to pursue my studies in South Korea at bachelor's level. I am very passionate about understanding the modern computer languages and systems. I have been volunteering for 6 months in helping selling foods and drinks at small market and experienced in handling aquaponics fields for a month.

EXPERIENCE

2017 (6 MONTHS)

YOUNG ENTREPRENEUR,

Selling foods and drinks, keeping high levels of cleanliness and hygiene in and out of the market and manage to sell out our goods to the customers before the pick-time. Other than that, networking with people with new ideas and experiences to increase the sales.

ACTIVITIES

I am in love with football and computer languages. I have exposed myself outside in so many ways, such as winning a talent competition by Astro Ceria, represented Sepang district at MSS Selangor football competition, joined Inter-School Public Speaking competition at National level, Massive Online Open Course in computer languages and completed the Trifecta challenge of Spartan Race, achieving 5K, 10K and 21K races. Other than that, I acknowledge 4 languages, Malay, English, Korean and Arabic. I am more likely to participate with new challenge that will benefits me and others.
